

**BOARD OF TRUSTEES
CARSON CITY SCHOOL DISTRICT**

**POLICY No. 1025
ALL STAFF**

PROHIBITION OF WORKPLACE VIOLENCE

The Carson City School District Board of Trustees believes that a learning and working environment in which all individuals treat each other with respect and dignity and is free from workplace violence, sexual or domestic violence is vital to the success of the District's mission. Workplace violence erodes the trust and confidence that are essential to an individual's well-being.

Therefore, the Superintendent or designee is directed to develop regulations as well as a Workplace Violence Prevention Program that reflect this commitment to providing employees, students, and visitors a safe and secure environment that is free from threats and violence and to preventing, deterring, and responding appropriately to acts of violence.
