PURCHASING OBJECTIVES

The Carson City School District Board of Trustees (the "Board") recognizes that District resources are most effectively managed when purchase orders originate at the level of the maximum utilization of the materials to be purchased and when purchases are made at the best price offered by vendors who have the opportunity to bid or submit price quotations.

Accordingly, the Board directs that all goods, supplies, educational materials, services, etc. be purchased in accordance with Nevada Revised Statutes and good procurement practices and that all purchases be made in accordance with the procedures and guidelines set forth in regulations adopted for purchasing by the Carson City School District. The Superintendent is authorized to adopt implementing regulations.
