ACCIDENT INSURANCE

The Board shall inform the parents of all students of the availability of student accident insurance. Purchase of such insurance is voluntary, and parents who elect to participate shall be responsible for payment of premiums and filing of claims. The Board assumes no responsibility for the payment of claims.

The Superintendent or Designee shall annually review student accident insurance plans and recommend that plan which offers the widest coverage for the smallest premium.

Students may not participate in interscholastic activities if they are not insured against accidents by their own insurance or insurance provided by the school.
