

Hello Fourth Grade Family,

I would like to start by saying how much I miss all of my students already. I know that things are a little different right now, but I know that you all will be able to adapt to this new way of learning. You are all amazing students that are capable of great things! Parents, I realize that this time is a stressful one for everyone, please know that I appreciate all that you will be doing with our learners during this time. I will be available during the days to assist with any confusing content.

I have attached a schedule as a guideline for our learners to follow while working at home. They may work with you to complete the assignments in any order that works for you. The packets that have been provided are review and I have provided page numbers to be completed at home each day. These packets are large and are not meant to be completed in one week.

I will be keeping in contact with all of you during this time to help guide all students through the at home assignments. I will be available through Google Classroom, email, and if students are unable to access the internet I will be making phone calls home to check in. Students, I will have a check in page in Google Classroom listed as an assignment for you each day. This is not a graded assignment, just a check in to help me keep in contact with you all. On the check in page you will simply answer the question of the day along with writing any questions that you may have for me. If you are unable to access Google Classroom at home, I have attached the check in questions to this letter and schedule. If you have any questions, my email is: mkburke@carson.k12.nv.us. I also have a phone number through Google Voice if you would like to call or text me 775-400-2843 between the hours of 8:00-3:30.

Thank you all for your understanding and patience at this time while we all work toward helping our students succeed in this new learning format.

Miss Burke

Remote Based Learning Schedule For March 23rd-27th

Please use this schedule to keep track of work completed at home. Remember to check in on Google Classroom and answer the question of the day!

Daily Check-in/Question of the day

If you are unable to access Google Classroom, this page can get turned in instead with your completed worksheets for the week of March 23-27. Answer each question of the day at the beginning of your learning day and then in the column on the right, you can write down any questions you have about the material in the packets. If you need help on any of the worksheets or don't understand something in the packet, write down your questions and I will contact you to help you with your work.

	Question of the day	Questions you have for your teacher. Any questions about any of the worksheets in the packets can go in these spaces
Monday	What is your favorite thing to read about and why?	
Tuesday	What is your favorite thing that you have learned in math this year and why?	
Wednesday	What is your favorite thing that you have learned in science?	
Thursday	What is your favorite thing that you have learned in Social Studies? (think about all of the Nevada info we have learned!)	
Friday	How has your week been? What is something that went well for you this week?
